Fyi. We had a mtg with Armando and frank and Diana and discussed it. We agreed to put a couple of tents out and have the fire trucks there. I'm pretty sure Armando discussed it with Leah. My bad for not following up. We need to discuss the "resistance" in the city that seems to pass or slow down these initiatives if they don't seem to like them

Fri, Aug 2, 3:38 PM

Ok. We will discuss next week.

So and I know we were talking about maybe getting Willy that that space. So check with Kelly to see if she really wants comp works there and introduce the idea of Willy's company getting space and let me know because if that's the case we need to have her tell John she doesn't need that issue on the CRA. Alright call me if you have any questions thank you bye.. Click here: [13608424024](tel:13608424024) to listen to full voice message.

The dda and Raphael the rocks that they are declined to provide a letter to support Adderly. I told him that was unacceptable and that he should go back to his board and work on it. Nobody gets to complain about policing in downtown and then decline to support what we are doing to fix it
